

# STORMFORCE

ROOFING & MAINTENANCE LTD

## ***Lead Roofing***

Stormforce roofing specialise in all types of traditional, modern and ornamental lead roofing & cladding, and are able to supply any type of purpose made lead work, for traditional, or modern applications, including hand crafted lead planters and hopper heads.

The Romans and Norman's first utilised lead as a building material, in pipes and roof coverings, because it is both stable and weatherproof, and its high resistance to atmospheric corrosion.

Lead when installed correctly, by experienced lead worker's, will last hundreds of years, many English churches and cathedrals have stood the test of time.
